

New rates will apply to both trucks from 9/22/26 onward:

Charges will be derived from two factors:

1. Miles Driven:

\$0.76 per mile, adjusted with the IRS mileage rate (**unchanged**)

2. Time:

- \$12/hour up to 4 hours (prorated up to 4 hours rounded up to the quarter hour)
- \$48 for 4 hours
- \$96 >4 hours per calendar day

The time portion of the rate is incurred **per calendar day**, so if you have the truck overnight, you may be charged for two whole days based off of the timing, ex. \$96 x 2 or \$192 (+ miles driven charge).

Please also note that, if you reserve a time and plans change but you fail to cancel, you **MAY** be charged for the time.
